Double Eagle Auto Recovery, Inc.
Attn: Mike Nikolas
5621 So. 85 St.
Omaha, NE 68122

Dear Mike:

I want to take this opportunity to thank you for helping us out and making our 38th IAATI Convention a success. Your cooperation is greatly appreciated and it helped out in the total picture.

The vehicle lock defeating classes that you put on at the seminar were greatly appreciated and they were very good and were very informative. I believe this was one of the largest attended classes at the seminar and it was one of the most talked about class after it was completed. I am sure much information was gained from the class by the attendees and it will be very useful in their respective jobs. Many good comments were heard about the class later on that day and during the remainder of the seminar.

Thanks again for the presentation and I hope in the future we can continue to communicate with each other.

Sincerely,

H. G. Neihart
